

Lifestream strategy & values

Our vision:

To be the Lifestream of Sydney
for generations to come

The source:

Aspirations:

We will be world class, delivering essential water that our customers love, in our great city.

Our purpose:
We will be world class, delivering
essential water that customer
love, in our great city

Our aspirations

- 💧 Customers are at the heart of everything we do.
- 💧 We want to be a leading utility, not just a water utility, but a leading utility.
- 💧 We will be a high performing organisation with a high performing culture.

Our values

How we'll succeed

- 💧 Our strategy is about controlling our destiny; empowering us to live, breath and operate under our guiding values.
- 💧 These values will be the decision making framework throughout the business.
